

Return Receipt Requested

April 29, 2002

Ms. Julia Walker
2723 Hillside Drive SE
Olympia, Washington 98501

Dear Ms. Walker:

I have been informed by our Totten Inlet farm manager that you have initiated several confrontations with our crews as they worked on our beaches in Totten Inlet.

This letter serves to inform you that further confrontations with any of our crew people will result in excluding you from our private beaches. I have always been willing to discuss issues relative to our operations when brought to my attention. The crews, however, are not responsible for addressing your concerns or taking time from their work for these types of discussions.

Please feel free to contact me or Russ Walker if you want to discuss this further.

Sincerely,

Paul Taylor
